Fun Facts about Biloxi, MS

During the course of Biloxi's history, eight flags have flown over her and the Mississippi Gulf Coast. These flags included the flags of six countries: France, England, Spain, the Republic of West Florida, Confederate States of America, and the United States stars and bars. The other two flags were state flags: the Magnolia State Flag and the current Mississippi State flag.

In as early as 8,000 BC up to the
1700's, Biloxi was inhabited by
Native Americans.

A close-up portrait of a young woman with long, wavy, light brown hair. She is looking directly at the camera with a soft expression. She has dark eye makeup, including long eyelashes and defined eyebrows. She is wearing a small hoop nose ring and small, square-shaped earrings. Her hair is styled with a side part. The background is bright and out of focus, featuring some yellow, feathery plant elements. The overall lighting is soft and natural.

In the 1920's, there were more than 40
seafood factories occupying the two
cannery districts in Biloxi.

A portrait of a woman with long, dark, wavy hair and red lipstick, wearing a black lace bralette. She is looking directly at the camera with a slight smile. Her right hand is near her chin, and she is wearing a ring and a black bracelet. The background is a solid light blue.

Amber Contant

Amber lives in the Gulf area and has been modeling since she was 18 years old. When working at Hooters, this opened her opportunities. Since then, Amber has been published in many magazines including Playboy & Maxim South Africa. Amber's idea place to shoot would be in Santorini, Greece. Amber is one of the Hot Model Babes and one can see why.

Since our last edition published, the Hot Model Mag (HMM) family have been to Costa Rica, Denver and there was even a shoot camp in Biloxi, Mississippi. If

Hot Model Babes - Autumn Crosby

you are reading this, you have purchased our special edition of "Women of the Gulf Coast". This was hosted by our featured Hot Model Babes - Amber Contant on the left of this page. A little tid-bit on

Biloxi for me: I was stationed on active duty at Keesler AFB working in the hospital. Hearing the stories from this shoot reminds me of the days in Biloxi. Congrats to Tristian Burkhart in being awarded the cover of the models who participated in HMM's first shoot camp. Denver shoot camp will be our next special edition.
